

49th INTERNATIONAL
EUCHARISTIC CONGRESS
QUEBEC CITY, CANADA 2008

International Eucharistic Congress June 14-23, 2008 Group Tour from Thunder Bay Diocese

Join our group in the festivities as part of the International Eucharistic Congress in Québec City, **June 15-22nd, 2008** commemorating the 400th anniversary of the foundation of Québec and their religious dimension.

The 400th anniversary will be celebrated by important activities as Québec was the first permanent French establishment in America. When the French arrived in Québec City, this was the beginning of the Catholic Church north of Mexico. The Catholic Church has played and still plays an essential role in the life of its people and this religious dimension will play an important role in the festivities.

The Theme of the congress is "The Eucharist, gift of God for the life of the world". The congresses now attract 12,000 to 15,000 participants for one week full of celebration, adoration, catechism, cultural events, fraternal encounters and involvement in favour of the needy. Each congress is preceded by a theological and pastoral symposium to deepen understanding of an aspect of the Eucharistic Mystery. Since 1881, the Pope has always been represented by a special delegate at the celebration of Eucharistic Congresses. Therefore, we can confidently hope that Benedict XVI will continue the tradition and conclude the 49th International Eucharistic Congress in Québec City.

About Quebec City:

The very name Québec conjures up images of easy living, historical riches, world heritage treasures, and incomparable tourist appeal. Québec City is as unique as they come. From east to west, Québec City has it all. To the east, the thundering Montmorency Falls offer a superb view of the St. Lawrence River and Île d'Orléans. In the city, visitors enjoy Battlefields Park, also known as the Plains of Abraham. It was once the site of great battles between the French and English armies and is now a famous city park where recreation, culture, and history come together. Further upstream is Bois-de-Coulonge Park, a lovely public garden. This riverside park is a must-see with its beautiful flower gardens and long history. To the west, astute visitors stop by Jacques-Cartier Beach Park, an oasis of greenery on the shores of the St. Lawrence.

***Exclusive arrangements for this tour made through Goligers TravelPlus in Waterloo in conjunction with Nuevo Tourism. Final itinerary will be subject to modification when full Eucharistic Program and times are known.**
